

## TIGHT

Design by: **Arch. Bonfanti - Moscatelli**

Inspired by the high masculine tailoring of the wedding dress ,borns the sidetable TIGHT: clean and elegant enriched by the edge of the top in leather folded with care as the collar of a shirt, closed flawlessly by Zani buttons that recall the ceremonial plastron. The metal base and the lacquered top in different finishes give character to the surrounding environment.

### Technical information

**Legs:** Painted iron

**Top:** Lacquered MDF covered in leather

**Cover:** Leather
